Microsoft Dynamics 365 Finance and Operations Consultant

Description

We are a leading provider of innovative business solutions. We are dedicated to helping our clients achieve their business goals through cutting-edge technology and exceptional service. We are currently seeking a skilled Microsoft Dynamics 365 Finance and Operations – Functional Consultant to join our dynamic team.

Responsibilities

Responsibilities:

- Develop, customize, and implement Microsoft Dynamics 365 Finance and Operations solutions.
- Collaborate with business analysts and stakeholders to gather requirements and translate them into technical specifications.
- Perform system integration, data migration, and report development.
- Troubleshoot and resolve technical issues related to Finance and Operations.
- Provide ongoing support and maintenance for existing Finance and Operations implementations.
- Stay updated with the latest features and updates in Dynamics 365 Finance and Operations.

Qualifications:

- Proven experience as a Microsoft Dynamics 365 Finance and Operations Functional Consultant.
- Strong understanding of finance and operations processes and ERP systems.
- Proficiency in X++ programming language.
- Experience with data entities, data management framework, and integration patterns.
- Excellent problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- Strong communication and interpersonal skills.

Preferred Skills:

- Experience with Power BI and other Microsoft Power Platform tools.
- Knowledge of SQL Server and database management.
- Familiarity with Azure services and cloud-based solutions.

Education:

- Bachelor's degree in Computer Science, Information Technology, Finance, or a
